PROFILE

Motivated and detail-oriented BCA graduate with a strong foundation in programming, web development, database management, and software development. Proficient in C, C++, Java, Python, PHP, JavaScript, HTML, CSS, SQL, and DBMS. Developed a Hand Sign Detection System as a major academic project, demonstrating practical knowledge of machine learning concepts, problem-solving, and application development. Eager to begin a career in the IT industry where I can apply my technical skills, learn from real-world projects, and contribute to organizational growth while continuously enhancing my knowledge.
